

Frequently Asked Questions....

1. How is Glimpse™ Skin Care different from other skin care products?

Glimpse Skin Care is green focused topical nutrition for skin featuring our exclusive BioActive X3 Complex™ which utilizes unique biofermentation technology from Japan. Glimpse Skin Care supports skin's own ability to function efficiently and maintain its healthy state with a simple, 4-step daily regimen.

Keywords:

- Topical nutrition to skin
- BioActive X3 Complex – XanGo owns it
- Proprietary biofermentation technology
- Pioneering green chemistry

2. What is BioActive X3 Complex?

Bio = Life

Active = Performance

X3 = 3 exclusive xanthone complexes

Patents pending BioActive X3 Complex™ is shown to calm the signs of inflammation, promote natural collagen production and protect the skin against the oxidizing effects of free radicals.¹ BioActive X3 Complex™ offers greater antioxidant potency than vitamin C, resveratrol, CoQ10, green tea, catechins and astaxanthin.²

1 - In-vitro testing

2 - Japan Food Research Lab

3. What does the “Intuitive” part of Glimpse Intuitive Skin Care mean?

Glimpse is intuitive with self-adjusting formulations to address your skin's ever-changing needs. It is the first performance based skin nutrition system ever created.

4. What part of Glimpse is patent pending?

BioActive X3 Complex will be patented. The three exclusive ingredients are patent pending.
